the State-of-Energy-Research Conference

3 & 4 July 2019
Wednesday - Thursday

at
The Australian National University,
Canberra, ACT

Plenary Speakers

We are delighted to announce that the State-of-Energy-Research Conference plenary presentations will be presented by the following speakers:

Renewable Electricity Generation
Martin Green, The University of New South Wales

Energy Storage
Maria Forsyth, Deakin University

Energy Economics and Policy
Ross Garnaut, The University of Melbourne

Energy Systems
Lachlan Blackhall, The Australian National University

Energy Usage and Demand Response
Chris Dunstan, The University of Technology, Sydney

Energy Regulation and Governance
Bruce Mountain, Victoria University

Transport and Industrial Energy
Michael Brear, The University of Melbourne

Fossil Fuels
Peta Ashworth, The University of Queensland
the State-of-Energy-Research Conference

3 & 4 July 2019
Wednesday - Thursday

at

Canberra, ACT

Call for Papers

Call for Poster Submissions

Oral presentations are by invitation only (plenary and keynote), but all members of the energy research community are strongly encouraged to submit poster presentations to enable wider dissemination of their work.

Submissions are now invited for Poster Presentations for the inaugural State-of-Energy-Research Conference.

Please note that all presenters must register for the Conference and pay the appropriate registration fees.

Themes

SoERC seeks submissions that are relevant to the following themes. These themes are broad and inclusive and may assist with directing your submission.

The following topic lists describe the themes covered in the conference:

- Solar renewable electricity generation
- Wind and other renewable electricity generation
- Battery storage
- Pumped hydro, hydrogen and other storage technologies
- Energy economics and finance
- Climate and energy policy
- Energy systems optimisation
- Energy systems grid integration
- Energy efficiency and usage
- Demand response
- NEM redesign
- Gas markets
- EVs and FCEVs
- Renewable fuels
- Transitional fossil fuel policy
- Carbon capture and storage

The theme for your abstract should be placed immediately underneath your abstract title.
the State-of-Energy-Research Conference

3 & 4 July 2019
Wednesday - Thursday

at
The Australian National University,
Canberra, ACT

Call for Papers

**Poster Abstract Submission Requirements**

Poster abstract submissions must include a ‘Call for Papers Application Coversheet’ and be prepared using the 1-page MS Word ‘Poster Abstract Template’.

Both of these documents can be downloaded from www.ERICA.org.au/soerc and once completed must be sent in PDF format to:

Aarti.Seksaria@anu.edu.au

**MSWord template link**

- Abstracts must be 1 page (A4) in length
- Authors must not reduce font sizes or margin sizes to meet the page limit
- Authors should not recycle old conference abstracts/papers as templates
- Please ensure all text/diagrams fit within the template
- Please proofread the final document thoroughly before submitting it to the Conference

**Presentation Type**

Abstract submissions will only be accepted for Poster Presentations.

Poster Presenters are required to stand by their posters during the poster sessions to discuss their work with interested delegates.

Poster abstract submission closes at 23.59 (AEST), **13th May 2019**.

Presenters will be notified of their poster acceptance by **21 May, 2019**, well before early-bird registration is due.

Yours sincerely,
Prof. Ken Baldwin
SoERC General Chair
